The mission of the Minnesota State University Moorhead Alumni Foundation is to develop relationships and provide funding to advance academic excellence. Each year we distribute hundreds of thousands of dollars in scholarship and grant support for students.

Our status as a non-profit, tax-exempt, corporation also affords us the opportunity to assist the University with other needs—like this very important project to replace student housing, which was lost when the first Neumaier Hall was removed in 1999. We believe that this facility will serve as a symbol of our University's commitment to the future.

The Alumni Foundation is following a strategic plan that lays out ambitious goals to significantly increase support for students. Even though our University provides an extraordinary value in education—thanks to an exceptional faculty—most of our students need financial assistance. We are committed to easing their burden and we are committed to assisting the University with strategic initiatives like improved student housing.

MSU Moorhead is in the business of changing lives for the better. There isn't a finer undergraduate educational program in the area. Our living alumni, now nearing 50,000, are testament to that. Our alma mater produces outstanding business leaders, teachers, scientists, and artists. Their diplomas reflect a 116-year old tradition of academic excellence.

We are proud of Minnesota State University Moorhead—and we are pleased to be of service to its students.
