REGISTRATION AND FEES

Registration will begin Monday morning, June 16, at 9:00 o'clock and continue throughout the day. Class work begins with the first period on Tuesday, June 17. Except by special arrangement there will be no registration after Tuesday. Tuition is free to those who sign, or have signed, the declaration of intention to teach in Minnesota. A registration, health, and activity fee totaling \$5 for the summer term is the only official item of expense in addition to board and lodging. The registration fee covers the loan of required text books.

If you desire more complete and specific information about any of the courses listed in the Schedule write for the general catalog. Inquiries about the state requirements for certification, the Field Trip, and room reservations should be addressed to:

REGULAR SESSION -- June 16-July 25
EXTENSION COURSES -- July 28-August 29

Series 26 APRIL, 1930 Number 1
Entered at the Postoffice at Moorhead, Minnesota,
as second class matter.

SUMMER WORK IN PHYSICAL EDUCATION

During the summer quarter the Physical Education Department aims to meet two student needs. One of these is to make it possible for those who are doing a considerable portion of their work during the summer sessions to fulfill the requirements in the department. Every student who is registered for either the standard two-year course or the degree course must finish six terms of physical education work in order to qualify for the diploma or the degree.

The summer work is so planned as to meet summer conditions and a major portion of it is done out of doors when weather permits. It is adjusted to physical needs of the student and is sufficiently varied so that a student might take the work for a number of summers without repeating material. Special attention is given always to the desire of the mature teacher for play material for the playground and the classroom.

While this work is important it is a relatively small part of our summer activity. The subject matter which a student acquires during any session will, in time, be largely forgotten. Those friendships which he makes and those contacts which he forms will be a part of his life for years to come. We believe that there is perhaps no place where one may form friendships more readily than in recreation times.

We invite every student who comes to the Moorhead campus during the summer to enjoy with us the fun of our out-of-door activities. Did you play baseball once "when you were young?" Come play with us this summer and then next fall the small boys in your room will have a new reason to respect your ability. Have you watched a group shooting at a target with bow and arrows and have you wished you too might try it? Come play with us. A friendly instructor will show you how if you like and a friendly group will encourage your efforts. Our tennis courts are at your service, our volleyball and horseshoe courts are the meeting place for pleasant hours of play. Perhaps you don't need a credit, perhaps you do not want to tie yourself down to fixed hours for exercise. You need not, but when you pack your bag to come to summer school, put in a pair of sport or tennis shoes, some old knickers, a cool blouse or middy or a sweater and don't forget that tennis racket. Of course if you are a champion you may want to bring your own horseshoes, too. If not, we are glad to furnish them for your use while you are here.

Come play with us when you can and wish, but whatever your plans or lack of them, come, for we are looking forward to knowing you better.

LIVING ACCOMMODATIONS

The college maintains two modern dormitories accommodating one hundred girls each. These dormitories are modern, well furnished and delightfully cool and pleasant in the summer. The charge for both board and room, depending upon the location of the room, is from \$35 to \$38 for the period of six weeks, approximately \$6 a week. Applications for rooms should be made early to the Dean of Women, Miss Mabel E. Lumley.

The Dean of Women and the Dean of Men maintain a housing bureau which lists off-campus rooms. Rooms in private homes cost from \$10 to \$16 a month. College women who have made no advance arrangements should go directly to Wheeler Hall until such arrangements can be made.

ADMISSION AND CREDITS

The college reserves the right to accept or reject any applicant for admission on the basis of health, character, and fitness for teaching. These are regarded as prerequisites for admission.

Applicants holding a diploma from an accredited high school will be admitted to collegiate courses without examinations, provided they submit a transcript of their high school record. It is desirable to mail this transcript to the registrar prior to registration day, June 16.

Holders of first or second grade certificates will be admitted during the summer term to first year college classes. Professional credits may be earned to meet certificate renewal requirements.

A student may register for eight quarter hours during the summer session in addition to work in Physical Education. The work done in any one course is equivalent to the work done in that course during the fall, winter, or spring quarters.

SCHEDULE OF COURSES—FACULTY

Course designations and numbers are in accordance with the catalog. Detailed descriptions and curriculum requirements may be found by reference to the catalog.

SUMMER SESSION—PLAN AND SCOPE

The summer session of the Moorhead Teachers College opens June 16 for a six weeks' period, closing July 25. Following the close of the regular summer session courses will be offered by extension to accommodate an increasing number of students who wish to complete a full quarter of work during the summer vacation period.

The courses scheduled may be applied on the requirements of: (1) the four-year degree curriculum, (2) the two-year standard diploma, or (3) the one year of work for the limited elementary school certificate.

The wide range of subjects will satisfy the needs and interests of all. The experienced teacher will find professional courses that will reveal present day trends and demands in education. The recent high school graduate will find work that will provide an excellent introduction to the life of a Teachers College.

One interested primarily in cultural studies will find many attractive offerings in Music, Art, and Drama.

The program is so arranged that the student has a double recitation period in each subject. By this arrangement the student is enabled to complete in the six weeks' period the work outlined in the subject for a quarter of three months. The regular load for a student is two subjects with daily double recitations in each. The student may earn four quarter credits in each subject. The normal load, then, for the six weeks' period is eight hours of work.

MOORHEAD TEACHERS COLLEGE STANDARDS

The Moorhead Teachers College is maintained by the State of Minnesota for the training of teachers for the public schools of the state. The institution

SUPERINTENDENTS AND VISITORS
At Rural School Demonstration, Clay County

is a member of the American Association of Teachers Colleges, Class A. Credits earned at Moorhead are accepted by other colleges in so far as such credits meet established requirements.

The various curricula are organized to meet the specific requirements for teachers certificates in Minnesota. All certificates in Minnesota are issued through the State Department of Education and are based on the completion of definite courses of training. Each curriculum is arranged on the basis of (1) constants, (2) variables, and (3) electives. The variables put the emphasis on one of the following fields:

Elementary—rural, primary, intermediate, upper grades.

High School—junior, senior.

In accordance with this plan Minnesota certificates of different grades, qualify the holders to teach in the elementary school, the junior high school, and the senior high school. Credits earned at Moorhead Teachers College are generally accepted by other states as meeting their requirements for the endorsement or renewal of certificates.

STAFF—FACULTY—LECTURERS

The summer school is cared for by the regular staff. The management of dormitories, the health supervision of the students, class room instruction, are in the hands of regular members of the college staff.

Guest instructors and lecturers bring to the student body and faculty helpful stimulation and professional information. The following are among the visiting instructors:

Prof. Max Zimpel, Rektor der Hufnagel-Mittelschule, Frankfurt am Main, Germany. Prof. Zimpel will not only lecture but will teach courses.

Dr. Daniel Protheroe, Chicago, nationally known choir director and composer. Dr. Protheroe will again have charge of the choir school.

Miss Indianola Willcuts, supervisor of Art in the Duluth Public School. Miss Willcuts will teach the art courses.

Dr. Otto J. Baab, member of the staff of the University of Chicago, School of Religion. Dr. Baab's special field is ethics and character education.

PLAYGROUND ACTIVITIES
College Campus

Coach Tom Lieb, former player and coach of Notre Dame. Mr. Lieb will coach in the special school in August.

SPECIAL FEATURES

Summer Choir School for church choir directors and teachers of public school music will again be in the hands of Dr. Daniel Protheroe of Chicago. Registration will take place on Monday, June 16. Classes will be held each day from 9:20 to 11:00 o'clock. The last class will be on Friday, June 28. The course will deal with traditional interpretation of standard oratorios such as "The Creation," "The Messiah." A public performance of "The Messiah" will occur Friday evening, June 28, Dr. Protheroe conducting. The fee of \$10 for this course includes the usual registration fee of \$5.

Demonstration School. A school will be maintained on the campus which will provide opportunity on the part of college students for observation and participation in the work of regular school activities. The summer training school will be taught and supervised by members of the regular training school staff. The school will offer to the children of the community an opportunity for review and advancement.

Programs of Entertainment. Through the college Lyceum committee entertainments of high artistic merit have been arranged. Chapel assemblies are held twice each week on Wednesday and Friday at 11:00 o'clock. Lecturers and workers well known in literary, educational, and public welfare circles will appear on these programs.

Field and Sightseeing Trips. A number of educational trips have been organized by the geography department.

1. An eastern trip of thirty days following summer school.

2. A northern Minnesota and Lake Superior trip will be conducted during summer school at the Fourth of July recess. Itasca State Park, the Iron Range, Lake Superior, and Duluth will be the main features.

3. Short trips to local points of interest will be planned. These will include the Armour Packing Plant, Fairmont Creamery, Fargo Filtration Plant,

WELD HALL
Auditorium and Class Room Building

Krabbenhof Farms, Government Weather Bureau, and other places of interest. Through the courtesy of the Moorhead Chamber of Commerce automobiles have been provided to take groups to visit some of the fine potato and dairy farms of the vicinity.

Coaching School. A coaching school will be conducted the week of August 25-30. The school is in charge of A. J. Nemzek. The staff includes Tom Lieb, former Notre Dame player and coach; Glenn Hanna, basketball coach of Moorhead High School, and C. H. Kimball, former Fargo High School coach. Write Coach Nemzek for information and terms.

SUMMER EXTENSION COURSES

A schedule of extension courses will be offered for the five weeks' period beginning July 28. Each subject will call for double recitation periods for six days in the week. There is a ten dollar fee for each extension course. The following subjects will be offered by extension if the enrollment warrants:

MR. ARCHER:

Mental Hygiene—Education 362 (2 qr. hrs.)

Personality Development—Education 363
(2 qr. hrs.)

Tests and Measurements—Education 442

MR. KISE:

Social and Economic History of United States
—History 311

International Law—Political Science 321

MR. LOCKE:

General Sociology—Sociology 210

The Family—Sociology 312

Children's Literature—English 150

English Literature—English 213

MR. BALLARD (At Pelican Lake):

Ornithology—Biological Science 312
