Associate of Science, Law Enforcement

D. Corrick moved, A. Mudgett seconded, to approve the proposal for an Associate of Science, Law Enforcement, with the two corrections in wording suggested by APAC members: (a) that the reference to qualifications of general studies faculty be deleted and (b) under the General Studies heading list "one course in cultural diversity," instead of elective. Motion carried.

Subcommittee on International/Global Education

L. Grugel moved, M. Moore seconded, to remove the motion to establish an APAC Subcommittee on International/Global Education from the table. Motion to remove from table carried.

L. Grugel moved, D. Gasal seconded, whereas the lack of attention paid by American Colleges and Universities to international education and global studies has been well documented (most recently by the Minneapolis Tribune, January 20, 1981); and whereas we are somewhat unfamiliar with the degree to which the curriculum at Moorhead State does foster global/international education; and whereas the APAC finds itself all too often in a position of reacting to proposals rather than initiating them, I move that an APAC subcommittee on International/Global Education be created and given the following charge:

1. To assess the degree to which international studies and an understanding of global concerns are fostered within the curriculum at Moorhead State University;
2. To make, if the committee concludes it desirable to do so, recommendations concerning international studies/global education to the APAC for consideration and transmission to the Administrative Academic Council.
3. That this report be presented to the APAC during the current academic year at which time the subcommittee will be terminated having accomplished the charge assigned it.

Motion carried.
