January, 1935

Number 4

Journalism takes high rank among the many activities at Moorhead State Teachers College. The above picture shows one corner of the editorial room of the MISTIC, college newspaper. Nearby are rooms for the college annual staff.

Many students find opportunities to develop special interests through such educational clubs as Art, French, Dramatic, Science, International Relations and the like. Below may be seen an assembly of a Model League of Nations. Students from twelve colleges and universities of the middle west sent delegates representing the various nations to Moorhead State Teachers College.

"Giants in the Earth"—One of many plays given by college students. In addition to the annual class play many other plays are staged each year under the direction of an able faculty coach. Classes in play production are given for those who expect to coach plays in high school.

The college band is made up of a select group of skilled musicians who not only wish to develop their own talent but wish to learn to conduct high school bands. Band work is also provided for beginners. Each year several extensive trips are made by the college band, college orchestra, college choir, male octette and women's choir.

The swimming pool is open to all students, including both men and women. Those who wish may try out for Red Cross life saving certificates issued to those who pass the tests given at regular intervals at the college. Swimming meets are also frequent events.

One of the playing floors where students get practical training for coaching positions. Several state tournament and state championship teams have been coached by graduates of Moorhead State Teachers College.

SOME FACILITIES AT MOORHEAD STATE TEACHERS COLLEGE

- I. The college campus is well arranged on approximately twenty acres of land.
- II. Surrounded by beautiful shrubbery and drives are to be found these buildings:

A. MacLean Hall includes three floors of new classrooms and offices well equipped for college work. It also houses the administrative offices of the president, registrar, accountant, dean of men and dean of women. In this building are to be found the students' exchange with its bookstore, new postoffice and lockers, geology laboratories, speech and drama rooms, beautiful social room, journalism rooms, English seminar, art studios, work-room for rural students and a visual education room. On the first floor is a beautiful library with two large reading rooms and a number of smaller study rooms.

B. The Physical Education building, constructed two years ago, includes two gymnasium floors, spacious dressing rooms, first aid room, nurse's office, swimming pool, classrooms, offices and the like.

C. Weld Hall houses the biological laboratories and classrooms, chemistry laboratories and lecture rooms, physics laboratories and classrooms, separate industrial art rooms for teaching printing, wood turning, mechanical drawing, woodwork, forge and sheet metal work. This building also

Some Facilities At Moorhead State Teachers College

houses band rooms, music practice rooms, music studios, music concert hall and the college auditorium where college chapels are held.

D. The College High School and College Elementary School makes adequate provision for giving each graduate first hand contacts with children. Every degree graduate secures a full year's experience in teaching in this beautiful building which houses the placement office, nurse's office, kindergarten, senior and junior high schools, auditorium, science laboratories and two physical education rooms.

E. The men's dormitory, together with private homes, affords lodging facilities for the men students.

F. Comstock Hall contains rooms for girls and beautiful dining halls.

G. Wheeler Hall is another beautiful home for girls.

H. The new heating plant is connected with all college buildings by means of tunnels.

I. The college has an excellent athletic field—one of the best in the northwest.

J. Seven off-campus schools afford additional opportunities for practical training in working with children. Every graduate has training in the schoolroom under expert supervision.

Ingleside—The College Social Room

Moorhead State Teachers College Offers

1. A four-year degree curriculum to prepare for teaching in the elementary school.
2. A four-year degree curriculum to prepare for teaching in the high school.
3. A two-year curriculum for teaching in graded or superior ungraded elementary schools.
4. Complete training for a professional certificate required of superintendents of schools.
5. Complete training for a professional certificate required of principals.
6. A complete four-year degree curriculum with special certificates for teaching in the kindergarten, physical education, art, music, industrial arts, and other special fields.

Our degree curricula provides for a good cultural college education, and in addition, adequately prepare the student for teaching by giving him good instruction in the psychology and methods of teaching and one full year of actual classroom experience in handling children in the subjects he is to teach.

FACULTY

The college has a faculty of approximately fifty members who were well trained in the graduate schools of the United States and Europe. The faculty is vitally interested in the educational, social and religious welfare of every student.

A Corner of the Art Studios

AN ACCREDITED STATE COLLEGE

Moorhead State Teachers College was established by the State of Minnesota and is therefore recognized by law as maintaining standard curricula for teacher training. The institution is likewise accredited by the American Association of Teachers Colleges, and the graduates are accepted for further study at any graduate school. The standing of the institution is further recognized by charters having been granted by the following national honor societies: Kappa Delta Pi (educational society); Alpha Psi Omega (dramatic fraternity); Sigma Tau Delta (English fraternity); and Gamma Theta Upsilon (geography society).

ACTIVITIES

The school activities program is headed by a student commission to regulate the extra-curricular program.

Athletics. Emphasis is placed on such major and minor sports as baseball, basketball, track, tennis, hockey, swimming, archery, quoits, volleyball, and football. The football team of the past season was undefeated in their season's competition, and the basketball team won twelve out of seventeen games. Many conference championships have been won in each sport in the past years.

Music, Drama and Debate are also emphasized. The college has one of the best bands in the northwest and the choir is well known for its excellent music. Debating for men and women is developed each year under an able coach, and thirty to sixty inter-collegiate debates are arranged with the various colleges of the midwest. Other activities include clubs for those interested in art, creative writing, journalism, French, science, geology, mathematics, international relations, women's athletics and social activity.

Religion is also emphasized to a marked degree to suit the preferences of all students. The faculty of the College are members of the various church denominations and furnish spiritual guidance with the help of

The 1934 Dragon Team Was Undefeated

the ministers of the local churches. The Lutheran Students Association, Y. M. C. A., Y. W. C. A., and Newman Catholic associations, each working under faculty guidance, furnish students with opportunities for spiritual development. Regular chapel exercises also offer uplifting influences for all student groups.

SCHOLARSHIP

Achievement in subject matter is emphasized to a marked degree. Honors are awarded by the college and recognition given by the various honor societies. Alumni of the college have done outstanding work in the various graduate schools of the United States.

COST OF EDUCATION

Tuition	\$10 per quarter
Fees, health, school activities, school paper, annual, lockers, towels, etc.	\$ 7 per quarter
Textbooks	Free
Board and room	\$17 to \$25 per month

Some students of ability who are unable to secure funds otherwise are working for a part of their support. This work can often be arranged on or near the campus, either with or without the aid of federal and state funds for student aid. The expenses at this institution are so reasonable that many students find it unnecessary to work while attending Moorhead State Teachers College and can thus devote all their time to study and activities.
