NO. 2

The Fiftieth Anniversary

BUILDERS OUR FATHERS—

Fifty years ago the foundations of Moorhead Teachers College were laid. The institution was established by the pioneers of the Commonwealth of Minnesota as an expression of their faith in public education. It was dedicated as a place where students might learn to live and to serve as good neighbors and loyal citizens.

A SCHOOL TO STAND THROUGH YEARS TO BE—

Through fifty years the purpose of the founders has been realized through the loyal devotion of faculty and students. Methods and emphases have changed but the vision of the founders has ever been an inspiration and a beacon light to the college community. Fifty years in the life of an institution is but a day. The glory of the next fifty years will be found in the realization of the dreams of the present.

THAT HER SONS AND DAUGHTERS MIGHT GO FORTH—

For fifty years a stream of youth has passed through the school. Those lives have been modified by experience, disciplined by study, enriched with knowledge, inspired by ideals. The record of the future will be written in the service of sons and daughters under the banner of the Crimson and the White.
