September 14, 15, 16 (Mono Orientation	day, Tuesday, W	Vednesday) Freshman en Conferences with Advisers
		gistration of Upper Classmen
		Registration of Freshmen
September 18 (Friday)		Classwork Begins
October 15, 16 (Thursday,	Friday)	Western Division MEA
November 25 (Wednesday,	12:00 Noon)	Thanksgiving Vacation
		Classwork Resumes
		Quarter Ends
Series 48	February 1953	Number 2

Published quarterly at Moorhead, Minnesota. Entered as second-class matter at the Post Office at Moorhead, Minnesota, under the Act of August 12, 1912.

Full-Time Students

Tuition—\$2.00 a credit hour. An additional \$5.00 is required of all out-of-state students.

Activity Fee-\$10.00 for first and second sessions, \$5.00 for one session.

Class & Laboratory Deposit—\$10.00 for first and second sessions, \$5.00 for one session (to be returned at end of session less class or laboratory materials costs, library fines, breakage, etc.).

Part-Time Students

Part-time students who are enrolled for five quarter hours or less or for three weeks or less in one summer session will pay tuition or fees as follows:

Tuition—\$2.00 a credit hour, with a minimum of \$5.00. An additional \$5.00 is required of all out-of-state students.

Activity Fee-\$2.50

Class & Laboratory Deposit—\$5.00 (to be returned at end of session less class or laboratory materials costs, library fines, breakage, etc.).

GENERAL INFORMATION

Registration.—Registration for the first session will be held in the college gymnasium in MacLean Hall on Monday, June 8, beginning at 8:30 a.m. Classwork will begin with first period on Tuesday, June 9. Except by special arrangement with the President, there will be no registration for the first term after June 11.

Dormitories for Women—Comstock Hall, Wheeler Hall, and the east wing of Ballard Hall will be used to house women students. Single rooms in a limited number will be available. Application should be made to the Dean of Women and the following information given: sessions to be attended, first and second choice of dormitory, and location and type of room desired. The application should be accompanied by a five dollar deposit. In case the reservation is subsequently cancelled the deposit will be refunded, provided the request is received by the Dean of Men or Dean of Women not later than ten days before the first day of registration for the session for which the room was reserved.

Dormitories for Men.—The west wing of Ballard Hall will be open for men. Application should be made to the Dean of Men as indicated in the foregoing paragraph.

Dormitory Rates.—Individual weekly board and room rates in all dormitories are \$13.50 for a double room and \$14.50 for a single room, with no refund or allowance for absences of less than one week.

Admission of New Students.—A student entering the College for the first time should have an official copy of his high school credits sent to the Office of Admissions. Students from other colleges and universities must present transcripts of credit.

SPECIAL ATTRACTIONS

Conference on an Inventory of Spiritual and Moral Resources.—A regional conference on the theme "An Inventory of Spiritual and Moral Resources" has been scheduled for Monday, June 8, 1953, on the campus of Moorhead State Teachers College under the auspices of the College and the National Conference of Christians and Jews. A wide range of community leadership will be invited to take part. Clergy, educators, civic organization officers, labor leaders, businessmen, housewives will be asked to pool their thinking in an effort to re-affirm the spiritual and moral values that support our democratic society.

The conference will consist of an address by Professor T. V. Smith, nationally known philosopher, teacher and lecturer, who is a member of the staff of the Maxwell Graduate School of Citizenship and Public Affairs, University of Syracuse, New York. The address will be followed by a luncheon meeting and a series of group conferences organized in terms of individual interests.

All persons who are interested are urged to attend the lecture and participate in the group conferences. A brochure describing the program in detail will be distributed later.

Workshop on Moral and Spiritual Values.—In light of the importance of the issue of moral and spiritual values in the public schools and its timely significance to all who are concerned with public education, the College is offering a Workshop in the this area again this summer June 8-18. The Workshop will be open to school administrators, elementary and secondary classroom teachers, school board members, P.T.A. members, and all other laymen concerned with the topic.

The workshop will deal with (1) the role of the public schools in emphasizing moral and spiritual values; (2) the identification and selection of the moral and spiritual values that can be achieved in the public school program; (3) procedures for achieving the desired objectives; (4) procedures for evaluating the attainment of the desired objectives; and (5) the contribution of the subject-matter areas to moral and spiritual values.

G. D. Robbins, Director of the Professional Divisions of M.S.T.C. will be the coordinator. Other members of the faculty will participate in the Workshop. Prominent professional, lay, and religious leaders, some being secured with the cooperation of the National Conference of Christians and Jews, will staff the Workshop.

June 1-6, 1953, is designed primarily for teachers, supervisors, and administrators in the elementary and secondary schools who are interested in improving their techniques in guidance. Such topics as fundamental aspects of Human Growth and Development; Minnesota Cumulative Record Forms; various types of student appraisal and teaching objectives in relation to the guidance concept will be considered. Mr. Ray Sorensen, Director of Placement and In-Service Education, will be coordinator and Mr. Thomas Soldahl, Guidance Director in the public schools of Hopkins, Minnesota, will be consultant.

Audio-Visual Instructional Materials Institute.—This institute, offered June 1-6, is designed to provide information and understanding concerning the new types, techniques, and uses of modern audio-visual aids in the classroom. Attention will be given to the educational values of the materials in relation to the direct and derived experiences of children. The classroom use of the motion picture films and of radio and tape-recordings will be demonstrated. Practical help will be given in the construction of lantern slides and flat pictures and instruction will be given concerning the operation of equipment. During the time of the institute various companies will display the new types of audio-visual instructional materials. Mr. Harold Addicott, Chairman of the Department of Geography, will serve as coordinator and Mr. Arnold E. Luce, Audio-Visual Supervisor, Minnesota Department of Education, will serve as consultant.

Library Science Courses.—This summer the College will offer Part II of the Library Science minor program which is approved by the State Department of Education for the training of teacher-librarians. The courses to be offered are the following: Materials for the Secondary School Library II, and Materials for the Elementary School Library. Students who wish to begin or continue library training should note that this summer, Part I of the minor program will be offered at Bemidji State Teachers College; Part II, at Moorhead Teachers College; and Part III, at St. Cloud Teachers College.

Elementary Supervision and Administration for the Principal.—The requirements for the elementary principal certificate are as follows:

(1) A certificate valid to teach in a six or eight year elementary school;
(2) eight quarter hours in elementary school administration and supervision; and (3) two years of teaching experience in public schools. In order to provide the courses required for the certificate, the College will offer during the first summer session the courses Education 430: Supervision in the Elementary School, and Education 492: Administration of the Elementary School. These courses will meet the requirements for course work set up by the State Department of Education.

Lyceum.—The numbers for the 1953 summer Lyceum Program have been selected to provide variety and excellence in the fields represented The musical programs offer a wide appeal. Two outstanding pianists will perform during the summer. Rober Pritchard, a young man appearing frequently on the concert stage with symphony orchestras and as a recitalist, will present a varied program from Bach to Gershwin by way of Chopin and Rachmaninoff. Percy Grainger, one of the most colorful musical personalities of today, will be sure to delight with his clear and zestful interpretation of the great masterpieces and his own compositions. Lois Bannerman, harp soloist who is familiar to radio, television, and concert audiences, will present a program that has been received with much enthusiasm by concert goers.

Those interested in dramatics will be privileged to attend two outstanding performances. Mary Lattimore in "Character Stylings in Monologue" will present a recital that pleases because of her mastery of dramatic technique, her insight into character, and the popular appeal of her material. Broadway comes to the campus by way of a complete three-act play, Situation Murder! This is a murder mystery that is at the same time a thrilling drama and a wonderful comedy. The company consists of an all-Broadway, all-equity cast. Each one has appeared in theatre successes on Broadway and on tour.

Other attractions are scheduled for convocation programs. The College is pleased to present these attractions during the summer sessions.

Recreation.—The College will have a complete program of recreation and social activities for both sessions. Coffee-hours, picnics, and square dancing are planned so that everyone can participate. The M.S.T.C. pool will be available for recreational swimming and those interested in sports and games will be able to select golf, tennis, archery, and indoor games.

Social.—The College provides special facilities for social gatherings. All the dormitories have parlors or lounges for the entertainment of guests and for informal gatherings of the residents. The main lounge and recreation room in Ballard are especially designed for the use of student groups. The Student Center on the first floor of MacLean is open during the day for light refreshments and informal meetings.

Moorhead State Teachers College offers through its summer sessions:

- 1. A choice of two five-and-a-half weeks sessions, or by attending both, a full quarter's work, equivalent to one-third of the regular college year.
- 2. A choice of courses in many fields during each session, taught by regular college teachers.
- 3. Workshops and institutes designed for individual needs and interests.
- 4. A pleasant and profitable experience on a beautiful modern campus.
- 5. Concerts, social occasions, recreational facilities of all kinds for the moments of relaxation from regular study.
- 6. An opportunity for study with a friendly faculty who take an interest in each student's career.
- 7. An opportunity to live in a progressive, cosmopolitan midwestern community of 60,000 with the famous Minnesota lake region nearby.

• • •

The summer sessions at Moorhead are planned for (a) high school graduates who wish to begin their college careers this summer; (b) in-service teachers who wish to qualify themselves for better positions by advanced education; (c) regular college students who want to shorten the time required for the degree; and (d) those with degrees who wish additional education in one of the many fields in which courses are offered.
