Change the name of Physical Education (Fitness and Sports Science) to: Physical Education (Exercise Science).

Major changes:

Conteh moved. Davis seconded to approve the new course PE 362: Middle School Methods in Physical Education (2 cr.). This course would be a requirement for the Physical Education (Teaching) degree.

Sanderson moved. Goodman seconded to approve the other major changes as listed below:

Motion carried unanimously.

These changes result in increasing credits of the Physical Education (Teaching) Minor from 26 to 28. (There is no change to the number of credits of the Physical Education (Exercise Science) major as was listed on the agenda.)

5. Proposed Changes to Course Grade Appeal Process and Form

Newman moved. Conteh seconded to approve the proposed Course Grade Appeal Process and Form.

Changes were made to the proposal based on APAC discussion and are attached. New language is in bold and underlined. Deleted language appears but has been “struck through” on the attached document.

Motion carried unanimously as edited.

Ruth asked if a designee, such as an associate dean, would be asked to act on grade appeals for the dean. Midgarden answered there will not be a designee; it is the dean’s job.

Midgarden stated that the new appeal will be published in the faculty and student handbooks, distributed campus-wide and made available on the MSU webpage.

6. “Dead” Week & Study Day Options

Midgarden stated that a Study Day was included in the 2000/2001 and 2001/2002 academic calendars. Study Day is listed as the last Thursday of semester classes, Friday and Monday-Thursday final exam days, with a Friday Commencement.

Discussion included:

- Should there be a Saturday commencement,
- The charge and membership of the Calendar Committee and the constraints involved in creating a calendar, such as TCU and bargaining union contracts,
- Length of our semester calendar (Tandberg stated that 15 semesters is the most common semester calendar in the country),
- Further discussion of creating a convocation hour,
- How the academic calendar is approved,
- The survey results of the colleges. (EnzFinken stated that Arts & Humanities was in favor of Option A and she thought that was because of the amount of written work faculty in the College had to read and grade at the end of the semester.)

Davis moved to recommend that each academic calendar include a study day the last Thursday of classes each semester, followed by Friday and Monday-Thursday as final exam days, with a Friday Commencement. Neuman seconded.

Motion carried unanimously.

Conteh moved that the APAC committee be involved in the deliberations of the Calendar Committee and that the academic calendar be brought to APAC by the Calendar Committee Chairperson for review and approval. Dunkirk seconded.

Midgarden stated that APAC could also ask the Calendar Committee to review items such as a convocation hour.

Motion carried unanimously.

Meeting adjourned at 5:00 p.m.
