### '51st State' to be convocation topic

Prof. William Morton, head of the history department at the University of Manitoba, will speak at a convocation April 11 at 9 a.m. in Weld Auditorium. Prof Morton's topic will be "The Fifty-first State." 'The Fifty-first State.

A frequent contributor to Canadian and American scholarly journals, Prof. Morton, a former Rhodes scholar, has received numerous prizes and awards in history and in the humanities. His most recent book, *The Canadian Identity*, was published simultaneously in Canada and the United States in 1961.

He attended the University of Manitoba where he received his B.A. degree. From there, he went on to Oxford University where he earned B.A., M.A., and B.Litt. degrees.

Dr. Victor Peters, assistant professor of history at MSC, said that "Canada, joined to and separated from the United States by a 3,000 mile border, is extremely conscious of American strength. No doubt Prof. Morton will deal with some political, economic, cultural, or military areas where American policies affect Canadian sensitivities." dian sensitivities

"In any case, Prof. Morton will present the Canadian point of view, strongly but objectively. At the same time, he comes as a friend, has lectured extensively in the United States, and only last year spent a full year as visiting professor at the University of Wisconsin," Dr. Peters added.

Prof Morton is author of "The Red River Parish: Its Place in the Development of Manitoba" in "Manitoba Essays" (1936), "The Progressive Party in Canada," (1950), and editor of "The Voice of Dafoe" (1945), "The Red River Journal of Alexander Begg and other Documents of the Red River Resistance" (1956), "London Correspondence Inward from Colvile, 1849-1852" (1956), "Manitoba: A History" (1957), "One University: A History of the University of Manitoba" (1957), and "The West and Confederation, 1857-1871" (1958).

### Spring Prom to be held May 25 in CS gym

Junior Class President Dave Lutes announces May 25 as the date of the MSC College Prom. The formal dance will be held in the Campus School gym from 9 to 12, featuring Paul Hanson's Orchestra.

Decorating for the dance will be done by juniors of the college and Campus school. The joint effort is necessary because of a lack of interest shown by MSC juniors, according to Lutes. He said, "while few persons attended the Junior Prom meeting, this is no reason for penalizing the entire student body".

Sunday, April 15, at 8:15 p.m. in Weld Hall Auditorium.

Presenting an evening of songs and readings, Miss Lanchester will demonstrate to upper-midwest audiences for the first time the qualities which have led critics and periodicals around the world to compare her favorably—to such comediennes as Bea Lillie and Anna Russell.

Known chiefly to film fans as the

# Open Forum talk given next Monday

The Fargo-Moorhead Open Forum will hold the first of an annual memorial lecture series in Weld Auditorium, April 9, at 8:15 p.m.

Dr. Philip M. Hauser, a foremost authority on world population prob-lems, will be guest speaker. Dr. Haus-er will deliver the first of the annual Cohen Memorial Lectures, established by the Open Forum in honor of Joseph W. Cohen, F-M businessman and civic leader, who died in 1961.

Dr. Hauser, chairman of the sociology department and director of the Population Research and Training Center at the University of Chicago, will speak on "The World Population Explosion."

Hauser has warned that urgent steps are needed now to cope with America's runaway population crises. Although Americans assume that the population explosion is bypassing us, Dr. Hauser points out that by the year 2050, the U.S. will have a population of a billion people. That would leave the U.S. with less than fourtenths acre per person, placing the nation on a level comparable to some of the poorest countries of the world, explained Dr. Hauser.

Other population problems Dr. Hauser will discuss are the increase in suburban living, traffic in metropoand increased migration within the U.S.

Hauser said that many persons recognize America's population problem but that they believe "we must out-breed China and the Soviet Union." "Competition in breeding between the" free world and the Communist bloc," Hauser stated, "would only help reduce us to the Communist's miserably low level of living, and it would pro-ably invites rather than retard the expansion of communism."

Dr. Hauser's observations on population problems have resulted from extensive practical experience with the

### Italian film to be shown on Wed., April 11

"Bread, Love and Jealousy," an Italian film directed by Luigi Con-encini, will be presented Wednesday, April 11, in Livingston Lord Library at 7:30 p.m.

This film, which stars Gina Lollobrigida, Vittorio de Sica, and Meris Merlini, is a sequel to "Bread, Love and Dreams" produced a few years earlier with the same cast and crew. It is equally as hilarious and as much fun as the earlier film, thanks to the combination of director Conencini, Miss Lollobrigida, who sings and dances in this one, and the hilarious comedy of Vittorio de Sica.

The film is highly recommended by Mr. Gerald Ippolito, director of the MSC Fine Film Series, and is open to anyone who would like to

### Peace Corps exams to be held April 21

Students wishing to enter the Peace Corps this summer must take the April 21 exams, says Mr. Duane Scribner, MSC advisor for the corps.

The tests will be conducted in the Fargo Post Office at 8:30 a.m. and will continue most of the day.

Since April 21 is a holiday, many students will not be in the Fargo area. Arrangements should then be made to take the tests in one of the made to take the tests in one of the following towns; in Minnesota: Bemidji, Brainerd, Fergus Falls, St. Cloud and Minneapolis; in North Dakota: Devils Lake (Federal Building), Dickinson, Grand Forks, Jamestown, and Wahpeton. Tests will be conducted in the local post offices at 8:30 a.m.

Students wishing to take the tests do not need a ticket of admission. However, they should fill in the volunteer questionaire as soon as possi-ble. The questionaire can be obtained in Mr. Scribner's office, 246 MacLean. He urges those interested to do this as soon as possible.

### Robert Erickson awarded Wilson grant

Robert Erickson, son of Dr. and Mrs. Allen G. Erickson of Moorhead, was awarded a Woodrow Wilson Nawas awarded a woodrow which National Fellowship Foundation on March 12. Dr. Erickson is associate professor of education at MSC. Over 1000 scholarships were awarded with money from the Ford Foundation.

Each fellowship awarded covers the full year's tuition and fees at a graduate school of the individual's choice and a living allowance of \$1,500.

'A candidate accepting a Woodrow Wilson Fellowship assumes a moral obligation to complete at least one year of graduate studies and to give serious thought to a career in college teaching," says Sir Hugh Taylor, president of the foundation.

The areas most often entered by fellowship winners are English, hisforeign language, math, and political science.

### Howard Weiss awarded graduate grant at Iowa

Howard J. Weiss, senior from Fargo, has been awarded a graduate teaching assistantship in French for the coming school year at the State University of Iowa in Iowa City.

The assistantship, amounting to \$2,050, will include teaching eight hours a week as well as taking graduate courses for his master's degree in French.

Mrs. Virginia Grantham, professor of French, comments that Weiss' grant marks the first time a major in French at MSC has been given such an award. This, Mrs. Grantham says, is specially noteworthy because this June marks the first year in which a student can graduate from MSC with a major in French, and already a graduate assistantship has been awarded to a MSC student. ed to an MSC student.

### Message from the President

To MSC students;

I am sure that the faculty and the student body join me in expressing deep sympathy for the bereaved family of Douglas Urness who recently transferred to Moorhead State College. This tragic event, the discovery of and investigation into academic cheating (unrelated to the tragedy), and one or two other discipline problems have resulted in some misleading rumors.

This is to reassure everyone that the administration is proceeding as judiciously as possible with an eye to corrective measures where needed, rather than to punitive action which would overlook our concern for the welfare of all students.

Furthermore, it is abundantly clear that the honesty and conduct of the vast majority of students at Moorhead State College is beyond reproach. I am as proud as ever to be associated with this institution and know that it is second to none within the geographical area it serves. I am equally confident that the academic and general reputation of the college will continue to rise with our bulging enrollments in spite of occasional problems such as are encountered in any other college.

Please keep in mind at all times that your main purpose in being here is to further your education. May I also remind you that the faculty and administration are here to help you in that endeavor as well as in other ways. Your thanks and appreciation to the college and the taxpayers can be demonstrated most effectively by conducting yourselves in and out of the classroom or the college in such a manner as to bring credit to yourselves as well as to Moorhead State College.

### Meal prices questioned

Dormitory residents at MSC pay \$120 per quarter, in advance, for meals, or if figured on a ten week quarter, about 55 cents per meal. At first glance it looks as if Slater Food Service is being more than generous, but let's take another look.

Since the entire board fee is paid in advance in one lump sum, students must eat every meal of every week for ten weeks in the cafeteria in order for the price of each to be 55 cents. There may be some that do this, but on the other hand, there are many more that miss breakfast once in awhile, or go home on weekends, or have an occasional dinner-date downtown, or just don't feel like eating some meals. In fact, it is possible for a student never to eat breakfast and take off for his hometown every Friday afternoon at 3 o'clock, which means that he would eat only nine meals per week. This comes to \$1.33 per meal. Is it fair that one person pay 78 cents more per meal than another?

Paying for board in one lump sum may be advantageous to a few, but since everybody has different eating habits, we feel a more flexible system would be better. Perhaps meal tickets, whereby a student buys a book of tickets (at a reduced price) and then uses them to pay for each meal he eats, might prove more satisfactory for all.

### Ingersoll awarded Vienna scholarship

John Ingersoll, a Moorhead State College freshman, has been awarded a scholarship for the Oberlin College summer school in Vienna, Dr. Richard Browne, associate professor of language and literature, has announced.

Funds for the grant are provided by the Carnegie Foundation and are administered by the German language faculty at Oberlin. Faculty of the summer school consists of Austrian professors from the University of Vienna and representative faculty members from Oberlin College. The students live in private homes of carefully selected families and are pledged to the exclusive use of the German language in their daily conversation with friends and associates.

The March 16, 1962 issue of "The Aquin," the St. Thomas college paper, printed the following article by their president, Msgr. James P. Shannon:

One mark of an educated man is his ability to differ without becoming angry, sarcastic, or discourteous. Such a man recognizes that in contingent matters there will always be a place for legitimate difference of opinion.

He knows that he is not infallible, he respects the honesty and the intellectual integrity of other men, and presumes that all men are men of integrity until they are proved to be otherwise. He is prepared to listen to them when their superior wisdom has something of value to teach him. He is slow to anger and always confident that truth can defend itself and state its own case without specious arguments, emotional displays, or personal pressures.

This is not to say that he abandons his positions easily. If he be a disciplined mind, he does not lightly forsake the intellectual ground he has won at great cost. He yields only to

At best he is neither angered nor shocked by new evidence of public vulgarity or blindness. He is rather prepared to see in these expected human weaknesses compelling reason for more compassion, better rhetoric, and stronger evidence on his part. He seeks always to persuade and seldom to denounce.

The ability to defend one's own position with spirit and conviction, to evaluate accurately the conflicting opinions of others, and to retain one's confidence in the ultimate power of truth to carry its own weight are necessary talent in any society but especially so in our democratic culture.

To lack firm conviction is to be rootless. To lack respect for the differing position of others is to be haughty or ignorant or both. And to lack conviction of the power of truth to state its own case is to be unworthy of intellectual combat. Men who lack one or all of these talents reveal clearly in public and private discussion the limitations of their education and the extent of their personal insecurity.

There is some evidence that these virtues are in short supply in our day in our land. The venerable tradition of respectful argument, based on evidence, conducted with courtesy, and leading to greater exposition of the truth is a precious part of our heritage in this land of freedom. It is the duty of educated men to understand, appreciate, and perpetuate this tradition.

It don't care if your name is Manners, I have concentrated stomach acid and I'll breathe a hole through your napkin too. I give people a fired up feeling by just whispering to them. I have bad breath and that's why I have tape over my mouth.
